

# Hot Stuff Braziers

## Features Include:

- 2 piece
- Hinged lid
- Pull out ash tray
- Can be used on wooden decks

Hot Stuff Braziers are the latest craze in outdoor heating. Hinged lid design, heat is pushed out through the sides of the brazier, rather than up into the air, which leads to an efficient and great looking heating solution.

Hot Stuff Braziers are made from 3mm steel plate and machined using plasma technology. All Hot Stuff Braziers are coated in high temperature VHT paint.

Various designs are available, or designs can be customized to better suit your tastes. Ideal for parties, weddings or any outdoor event that requires a heating solution.

**\$399.00** incl. GST
